

# ATM Upgrades & Enhancements

Over the coming months, we will be upgrading all of our ATMs with new features for added convenience. With new transaction options, including refreshed menus and customizable preferences, you'll be able to enjoy a quicker, simpler experience when you visit any one of our over 90 ATMs across California.

## **Skip the line inside a branch and complete certain transactions from an ATM**

- Deposit checks or cash with no envelope needed at select ATMs
- Initiate account-to-account money transfers

## **New features allow you to tailor your ATM experience to best fit your needs**

- Personalize your Fast Cash amount
- Change receipt preferences
- Customize language preferences
- Select cash denominations on withdrawals at select ATMs

# Enhanced features for your added convenience.

Our revamped menus and displays make using one of our ATMs quicker and simpler

- New shortcut options for Fast Cash and withdrawals
- Refreshed and updated menus
- Convenient Mini Statements to view recent withdrawals

## ATM Upgrade Timeline

ATM upgrades have begun and will extend through the end of the year. Once we begin the upgrade process for an ATM, we anticipate it will take at least a day to complete. During this time, the ATM will be out of service.

**Check with your local branch or speak with a banker for more information on when your specific branch's ATMs will be updated.**
